

YOUR BRAND TOMORROW IS OUR BUSINESS TODAY

## ***HERTI: Pioneering Closure Solutions for Over 30 Years***

For more than three decades, Herti has been a trusted name in the closure industry, offering safe, reliable, and high-quality aluminum, plastic, and composite closures for a wide range of beverages and oils. Our products meet the demands of industries including spirits, wine, mineral water, juices, soft drinks, and olive oil.

### ***Our Product Range Includes:***

• Spirits • Wine • Mineral • Water • Juices • Soft Drinks • Olive Oil

### ***Premium Closure Solutions with Functionality and Design***

Whether you're developing a new product or enhancing an existing one, we collaborate closely with our customers to deliver high-end closures that offer both aesthetic appeal and functional reliability. Our closures help elevate your brand, ensuring maximum convenience, security, and consumer satisfaction.

## Customization at its Best

At Herti, we understand that branding and functionality go hand in hand. We offer a broad selection of closure customization options, including:

### **Printing & Finishing:**

- Up to 5-color offset printing
- Matte, semi-matte, and glossy finishes
- Hot foil stamping
- Embossing and shaving
- Relief features

### **Liners:**

- EPE liners in various densities and thicknesses
- Saranex, EVOH, and Tin liners
- PVDC - free compounds
- Non-refillable pourers

# Product Highlights

## Spirits

Herti's closures for spirits combine elegant design with user-friendly functionality. Our caps offer easy open-and-reseal mechanisms, providing both safety and style for premium spirits and related beverages.

### **HCC (Herti Composite Closures)**

A blend of aluminum and plastic for a sophisticated finish and unique decoration options.

Available in GPI and Dorado designs.

### **HXLC (Herti Extra Long Closures)**

Ideal for wines and spirits, with a variety of sizes and decoration options.

Available in sizes from:  
25x43 mm to 31.5x60 mm.

### ***HDDC (Herti Deep-Drawn Closures)***

These closures allow additional decoration, such as side printing and embossing.

Available in sizes ranging from:  
18x22 mm to 36x52 mm.

### ***HSC (Herti Standard Closures)***

Widely used for various beverage applications, these closures are cost-effective, easy to transport, and come in a wide range of sizes.

Popular sizes include:  
18x12 mm., 28x18 mm. and 31.5x24 mm.

# Wine

Herti closures for wine are designed to preserve wine's quality and flavor. Our aluminum closures eliminate the risk of cork taint (2, 4, 6 - trichloroanisole, or TCA) and help maintain ideal aging conditions by preventing rapid oxidation. We offer a variety of liners, including Saranex and EVOH, to ensure wine quality is preserved.

## **HWDC**

### *(Herti Wine Designed Closures)*

Combining modern technology with aesthetic appeal, Herti closures offer superior protection and branding opportunities for wine producers.

**Popular sizes:** • 22x15 mm. • 22x30 mm. • 25x17 mm. • 28x44 mm. • 30x24 mm.

# Water & Soft Drinks

Herti's tamper - evident closures for mineral water, juices, and soft drinks ensure product integrity from production to consumption. These closures are designed for easy opening and resealing, with a strong focus on consumer confidence.

## ***Dorado Closure***

A high-quality aluminum closure with a safety plastic ring, ideal for sparkling and still mineral waters. The PVDC-free compound makes it suitable for ozone-sensitive products.

## ***Plastic Closures***

In addition to aluminum, Herti offers a wide range of plastic caps, suitable for both beverage and pharmaceutical packaging.

# Olive Oil

Herti provides closures specifically designed for the unique needs of olive oils and other viscous liquids. Our closures feature pourers that prevent drips and ensure smooth, controlled pouring.

## Standard Sizes:

- 31.5x24 mm
- 31.5x44 mm
- 31.5x60 mm.

# Why Choose Herti?

## Expertise & Experience

Over 30 years in the industry with a proven track record.

## Customization
